## RIVER BANK ASSESSMENT FOR 2012

### FLOOD CELL 9 Hazelwood Marshes

(Barbers Point to Brick Dock)

#### Area of Assessment

Entire stretch grade 1 / 2. There are a few instances of deterioration of hard surface but nothing alarming.

The area was recently repaired on both river side and marsh side. Has recently been mown.

Enclosed 3 photos of areas to monitor. I will keep a record for comparison in 2013
